Please refer to map 2

Continue through Les Collons, past the Trabanta Quattro ski lift building, out through the far end of the village and start to go downhill. Follow the road taking one hairpin to the left, then one to the right. Before the next hairpin you will see a parking area on the left which is available for public use including you as guests at Chalet Emma. On that hairpin, turn right into Chemin du Tunnel

After approx. 125 metres there is a tight left-hand turning where you will see a sign to Chalet 225 which is Chalet Emma. Please stay parked here temporarily although please take care not to obstruct other users:

- **winter visitors** should contact the Chalet by phone or on foot for further instructions

- **summer visitors** should walk down that drive and survey access on the further drive immediately to the right again signed 225 – Chalet Emma is at the lower end on the right. Unless you have 4x4 we suggest that if you wish to drive down to the Chalet that you reverse – please take great care particularly in hazardous conditions

If you go through a tubular steel tunnel then you have gone beyond the turning to Chalet Emma. However, this is the route to our three parking spaces in the far end of the parking bay on the left just beyond the ski-lift station which are available for your use.
